

HOCKADAY
MUSEUM OF ART

School/Youth Group Tour Request

Make your tour arrangements as far in advance as possible to ensure that you receive the day and time most suitable for your needs. Contact **Kathy Martin**, Director of Education, by phone at **406-755-5268** or e-mail education@hockadaymuseum.com with any questions. **You will receive an email with details about your visit when your tour is confirmed.**

Name of School/Group: _____

Education Membership: Yes ___ No ___ (If you are not sure, our staff can confirm status for you)

If your school has a current membership, tours are free for students, teacher, and 1 adult chaperone per 10 students. Extra chaperones charged regular admission price. Non-member schools are charged \$25 per tour, plus admission for extra chaperones.

Tours are normally scheduled Tuesdays through Fridays between 9:30 am and 4 pm, however, special times can be arranged.

Preferred Tour Day: _____ **Date:** _____

Start Time: _____ End Time: _____

Second Choice Tour Day: _____ **Date:** _____

Start Time: _____ End Time: _____

_____ **We will come to the Museum** _____ **We would like a virtual tour**

Approximate Number of Participants _____ **Grade Level(s)/Ages** _____

If your group has between 20 and 30 individuals plan to split into smaller groups for tours within the Museum. For multiple classes or if your group has more than 30 total students, you will need to schedule more than one tour.

Teacher Name _____ **Best Time to Contact** _____

Phone Number _____ **e-mail** _____

Tour Choice: (Please select one)

- Meet the Museum**, Pre-school -1st Grade *Length of tour: 30 minutes (optional 30 minute art activity can be added)*
In this introduction to the museum children learn art media (painting, sculpture, photography), art themes (still life, landscape, portrait), and museum terms (gallery, artist, docent). They will practice good museum manners while exploring the galleries and other rooms in our historic Carnegie building.
- Color, Line, and Shape**, Grades 1-12 *Length of tour: 45 minutes (optional 45 minute art activity can be added)*
Learn how color, line, and shape are used to make works of art. Through guided looking and discussion students understand how artists consciously manipulate the elements of art: color, line, shape, form, space, texture, and space —often in combination—to achieve specific results.
- Art & Artists of Montana**, Grades 2-12 *Length of tour: 45-60 minutes (45 minute art activity can be added)*
Museum collection pieces are featured on this tour of contemporary and historic art. Featured artists change but may include Winold Reiss, Charlie Russell, O.C. Seltzer, Elizabeth Lochrie, Leonard Lopp, King Kuka, Ace Powell, Mark Ogle, and Linda Tippetts as well as many others. In addition to original sculptures, paintings, and photographs, students may view examples of art used to promote Glacier National Park and Montana tourism.
- Current Exhibition Tour**, All Grades *Length of tour: 30-45 minutes (optional art activity can be added)*
The focus of this tour is on highlights of an exhibition temporarily on display. It can be adapted to meet your group's special interests. Check our website at www.hockadaymuseum.com for exhibition information.
Exhibition Name: _____
- Self-Guided Tour**, All Grades
Your group will be greeted at Museum entrance and receive an introduction to current exhibitions. Reservations must be made with the Education Department so that docent-led tours and museum events are not disrupted.

Art Activity Yes ___ No ___ *adds approx. 45 minutes to your time at the Museum*
Instruction and materials for participants to make an art project, in our classroom, that relates to a current exhibition.

Special Needs/Requests _____
